PROFILE

A skilled and passionate Full-Stack Developer with extensive experience in designing, developing, and deploying robust web and mobile applications. Proficient in modern technologies like Next.js, JavaScript, React, React Native, Electron.js, and MySQL, I specialize in creating efficient, user-friendly, and scalable solutions. My expertise spans across web development, app development, database management, and web designing, enabling me to deliver exceptional products tailored to diverse client needs. With a strong commitment to innovation and problem-solving, I consistently contribute to the success of projects in dynamic and fast-paced environments.
